

ADC/MFG Wind Blade Manufacturing Plant

Aberdeen, SD

A 368,000 sq. ft. molded-fiberglass manufacturing plant for wind turbine blades. The facility is owned by the Aberdeen Development Corporation (ADC), and leased and operated by Molded Fiber Glass Companies (MFG), represents a \$40 million investment and the creation of up to 750 new jobs. The facility enables MFG to increase the volume of wind turbine blade sets being supplied to GE Energy.
