

Coteau des Prairies Hospital and Clinic Addition and Renovation

Sisseton, SD

The 22,950 sq. ft. addition entailed a new clinic, emergency room, laboratory, ambulance garage, admissions, and radiology department to support the growing number of patient visits. The project also included a 9,550 sq. ft. remodel of the existing clinic spaces to new administration and business office spaces, existing ambulance garage into materials management space, and existing business office into LDRP rooms, family rooms, on-call room and ADA compliant restrooms.
