

Faulk County Jail and Sheriff's Office

Faulkton, SD

The project includes a 35-bed jail and sheriff's office. HVAC will be provided by an existing geo-thermal system, currently providing HVAC for the current. The well field was sized to accommodate the new jail. Pumps from the old jail will be relocated to the new jail basement and additional pumps added, for the new jail.

- » Delivery Method: Construction Manager at Risk
- » Size: 14,551 SF
- » GMP: \$5.6 Million
- » Expected Completion Date: August 2017
- » Owner: Faulk County
